

# GTI SERVICE NOTE

GTI 119

December 15, 2014

## GTI+ USERS: IMMEDIATE ACTION REQUIRED

### GTI+ Golden Rules

GTI+ Golden Rules have been updated to reflect the use of AGV5\_GTI Terminal Program

### AGV5\_GTI TERMINAL PROGRAM

Altronic has developed a terminal program for the GTI+ system to assist in commissioning. It is highly recommended to download the terminal program from the private side website.

Required Material

- Isolated RS-422/485 USB Adapter. (Part Number 691210-1) - \$345.00 user

Use of this terminal program displays AGV5 valve position, Sensor (S) Value, and Demand (D) Values. The commissioning process and final AGV5 map values to record will not change. Manual for the terminal program will follow.
