## INTRODUCTION OF NEW GPN2030 EXTREME ENCLOSURE

In response to popular demand, Altronic is introducing a new control panel part number:

### ■ GPN2030 Extreme Environment Enclosure

The GPN2030 will utilize a stainless steel enclosure with a protective door to shield the internal components from extreme weather. The GPN2030 contains the same components and capability as the GPN2020 panel.

The dimensions will change slightly, but the mounting footprint will remain identical to the GPN2020.

The panel will co-exist with the GPN2020 panel.

Available to order immediately, contact factory for pricing.
